FALL FESTIVAL AT THE ORCHARD DOWNS COMMUNITY CENTER
Saturday, August 25 starting at noon
The annual Family & Graduate Housing Fall Festival helps celebrate the start of the school year! This cookout is a great way to meet your neighbors, community aides, graduate assistants, and the FGH staff. Various household items are loaned free of charge to be used by apartment residents. Small items for your apartment such as dishes, pots and pans, tableware, kitchen utensils are regularly available. Glassware, baby items, and small appliances are sometimes available. Individuals are asked to return these items when they are no longer needed so that others may use them.

APARTMENT LIFE & NOISE: BE CONSIDERATE!
Some apartments carry noise more easily than others and certain noises can be heard by neighbors. Excessive running and jumping, moving furniture, music, and televisions are examples of everyday noises that may bother neighbors. These noises are especially annoying when they become excessive, are very loud, or occur late at night when people are sleeping. In general, we ask all apartment residents make an effort to keep noise at a minimum after 10 p.m. every night.

SAFETY CORNER - PEST CONTROL

University Housing Facilities Services provides mandatory treatment of all apartment units at least twice a year. Treatment is provided at no cost to residents and uses an award-winning, non-toxic system that is highly effective while being good for the environment. Treatment focuses on structural controls (sealing cracks and gaps), chemical controls (non-toxic dust and traps), and prevention.

You can do your part to help prevent pests in the apartments. **Follow these tips to maintain a clean and pest-free living environment:**

- Do not leave out food or dirty dishes, or store trash in the apartment or balcony as this will attract household pests such as cockroaches, ants, rodents, etc. Remove your trash regularly, daily if there is food in it.

- Pests also live in and consume cardboard boxes and the glue used to seal them. Avoid storing boxes in your apartment.

- Keep your apartment clean and reduce clutter. Limit the places on the floor that bugs or rodents could hide and nest.

- Keep food in air-tight, sealed containers (not plastic bags or cardboard).

Failure to comply with pest control treatment or maintain proper sanitation can result in non-renewal or termination of a lease. See more information in the Resident Handbook.

**Got a Pest Problem?**

If you discover bugs or rodents, submit a Maintenance Request Online online at [GO.ILLINOIS.EDU/MAINTENANCE](http://GO.ILLINOIS.EDU/MAINTENANCE) or call (217) 333-2779. Staff will respond right away to identify the pest, inspect the space, and make sure that appropriate treatment is provided.
